

The #1 Website & Software for Employers, Managers & Work Campers

CMM Website – HOW IT WORKS

Campground Employers and Work Campers join for "FREE" and receive an eye-catching Web Profile Page that can be used to...

- Promote the Employer's Campground, RV Park, Mobile Home Community, surrounding area and employment opportunities for Campground Managers and Work Campers.
- Promote Campground Manager's and Work Camper's resume, capabilities and preferences to respective Employers.

The CMM website in conjunction with the #1 Software for Campground Maintenance & Work Camper Management...

- Provides a Smarter, Faster and Easier Way to Hire, Train and Manage the most qualified Managers and Work Campers, including the Maintenance Duties and Activities they perform.
- Insures Managers and Work Campers locate a position that is the best match for them and the Employer.

CMM Software – HOW IT WORKS

- Whether you have 2 Work Campers or 200, the CMM Software will save you time and money.
- Owners and Managers view an instant snapshot of the Campground's Maintenance Duties, Activities and Work Camper Capabilities.
- The CMM Software lets you sync the Work Camper's criteria from the CMM website so you are up and running in minutes.
- You can create Weekly Schedules manually or automatically with a single click.
- Alternate Work Camper Days, Duties or Hours with a single click.
- Repeat the current Weekly Schedule with a single click.
- Edit, Print and Email your Weekly Schedules as a group to Managers and Work Campers.
- View and Print Work Camper Sign-in Sheets that include Start Times, End Times, Assigned Maintenance Duties & Activities.
- Use the provided Campground Inspection Form, Maintenance Report Form, Maintenance Request Form, Supplies Request Form, Vendors & Suppliers Form and Project List Form.
- Install on any Windows (Tablet, Notebook, Laptop, Workbook or Desktop).

CMM Software – Bonus Features

- An "interactive" Vendors & Suppliers List Form and Project List Form that allow you to maintain a list of your vendors and suppliers. Working together they make it easy to create and maintain a list of active projects.
- Owners can view who's managing and employed at each of their properties, the duties & activities they are performing, and a detailed vendor & project list. They can then share time and cost saving information with managers of other properties.
