The #1 Website & Software

for Employers, Managers & Work Campers

CMM is the leading provider of Employment and Management Services for Campground Employers and Work Campers. The CMM website and Camp MAINT Manager (CMM) employee scheduler software that includes an employee task scheduler, combine to create the #1 My Campground Manager™ campground management system (CMS). This is the "first-of-its-kind" fully automated and integrated system that uses a Bilateral Methodology, giving Employers the ability to unite, hire, train and manage the "most qualified" Managers and Work Campers.

Work Campers can take advantage of the "NEW" My Resume Assistant to create a resume and find a job that best matches their capabilities and preferences. The results among Campground Managers and Work Campers is an increase in Morale, Productivity and the desire to extend their stay, reducing costly employee turnover. Users of the My Campground Manager™ system are witnessing an increase in quality and quantity of work performed, customer satisfaction, ratings and profits.

CMM Website – HOW IT WORKS

Campground Employers and Work Campers join for "FREE" and receive an eye-catching Web Profile Page that can be used to…

- Promote the Employer's Campground, RV Park, Mobile Home Community, surrounding area and employment opportunities for Campground Managers and Work Campers.
- Promote Campground Manager's and Work Camper's resume, capabilities and work preferences to Employers.

CMM Software – HOW IT WORKS

The "only" Employee Scheduling Software with an Employee Task Scheduler that works "off-line"

"Say goodbye to the pains of Excel"

Manage your entire campground with a Single, Intuitive Platform, regardless of your location!

- Train and Manage your Work Campers more effectively.
- Create Weekly and Monthly Schedules, Alternate Work Camper Duties, Hours or Days with a single click.
- Repeat the current Weekly and Monthly Schedule with a single click.
- Edit, Print and Email Weekly and Monthly Schedules to Managers and Work Campers.
- Avoid tardiness by sending Shift Reminders to Work Campers.
- Receive time-off request, approve and replace Work Camper; update and distribute Weekly and Monthly Schedules with just a few clicks.
- Use our MAINT Duty List, create your own My MAINT Duty List, or combine the two.
- Work Camper Payroll Form: Download an Excel document with each Work Campers Hourly Pay Rate($), Total Paid Hours per Week, Weekly and Bi-Weekly Earnings, Semi-Monthly and Monthly Earnings.
- Activity Schedule Form: Detailed activity information that includes categorized and total activity cost for each activity throughout the season. Print and email required event information to all Work Campers.
- Vendors & Suppliers List Form: Maintain a vendors and supplies list.
- Project List Form: Provides information and costs associated with active and completed projects.
- Use the provided Cabin Cleaning Checklist Form, Campground Inspection Form, Maintenance Report Form, Maintenance Request Form, Monthly Swimming Pool Report Form and Supplies Request Form.
- CMM Software automatically backups to the CMM server. If your computer(s) experience hardware failure, or are stolen, your data is safe off site on the CMM server. Your connection can then be setup on another computer within minutes and you're back in business.
- "Sync Data" to your account on the CMM server when an Internet connection is available after working off-line. This will ensure all devices are working off the same database.
- Install on the number of required Windows devices! No maximum number of employees! All under 1 license for 1 low price!
- Owners and Accountants can install a copy and view "all" employee and operational data.
